Man of Rubber Photography Use Permission Form

We'd love to display your great river trip images on our website in our Friends River Gallery, and River Magic Community Pages, or other pages on our site. We will credit your image by putting your company name (or desired credit name) on the image title along with image description, wherever the image is placed on our new website. Images should be jpg file format and at least 1000 pixels wide, and no bigger than 1500 pixels wide.

Ok Man of Rubber: I give you permission to enjoy my images on your website, and note that you'll credit my choice of either my company or my photographer's name. I understand that my images will not link back to my own website. I testify that I have all rights to any images I want to let Man of Rubber use on its site.

Signed _____ Title _____
